OUTCOME

Pass

EXAMINER ASSESSMENT

The candidate demonstrated a structured approach to the acute presentation and reached a safe working diagnosis. Communication was clear and patient-centred. Management was largely appropriate though escalation could have been more timely. Overall a competent performance with a few areas to refine.

STRENGTHS

- + Took a focused, systematic history
- + Reached the correct working diagnosis
- + Communicated clearly with empathy

AREAS TO IMPROVE

- ! Delayed considering serious differentials
- ! Did not state specific drug doses

MISSED KEY ITEMS

- Did not ask about red-flag features early

RECOMMENDED NEXT STEPS

- > Practise time-critical escalation
- > Revise emergency drug dosing
